Schedule Friday 21 02 2014:

17h45

Annie goes to Illusion Macadam and prepares (two computers and a pad + 3 webcams + props)

19h30

Annie prepares chatmanager

19h35

A&I connect, start streaming + test sound

19h40

Jan starts recording

Annie opens command page

Régie panacée vérifies connexion <http://huisclos.mosaika.tv> + sound control (balance ok?)

19h45

Régie projects stream for the panacée public (fullscreen red button top left)

A & I haved fixed position - they keep this all along the introduction and more until a command tells them to change.

Vincent introduces performance

Laurie connects to the monitor, but doesn't do anything yet

Vincent invites the public to connect to <http://www.bram.org/command>

Laurie doesn't read anything yet, even if there are already commands

19h50

Laurie starts reading

I&A react to commands – slow, serious and delicate in the beginning, then we will see where it will lead us

we won't interact with each other unless told to do by the commands

20h15

Jan as «director» gives the command «stop» several times in the command form

A&I stop their stream

Laurie reads «stop» and stops

Régie stops stream

Vincent does a last word
